

presskit

Los Fuegos is an explosive blend of Rock, Cumbia, Balkan and Reggae that arouses the inner dancer that inhabits in all of us.

POWERFUL, MULTICULTURAL AND UNCONVENTIONAL.

Their live performance consists of a collective of migrants and refugees born in Mexico, Colombia, Chile, Bosnia and Denmark that fuses their exotic musical traditions into a blazing carnival of stage-melting extravaganza. Los Fuegos steers the listener's primal instincts towards the dance floor, they incite them to connect with their body and ignite their heart with up-beat fiery waves of sound.

Proudly founded in Kolding, Denmark they have represented their town in the Danish Music Awards World as "Best live danish Name 2014" and continue to do so, by carrying the flag of their beloved ghost town and their mother lands everywhere they go. The show has been presented in Denmark, Germany, Sweden, Poland, Azerbaijan and Mexico at festivals and venues.
